

TheTabTech, LLC

Secure Cloud • DevSecOps • Digital Health IT

CAPABILITY STATEMENT

Company Overview

TheTabTech, LLC is a technology consulting firm specializing in secure cloud architecture, DevSecOps automation, and digital health IT solutions. We support organizations in regulated environments by delivering scalable, compliant, and mission-ready systems.

Core Competencies

- Cloud Architecture (AWS, Azure)
- DevOps & CI/CD Automation
- Security & DevSecOps
- Infrastructure as Code
- Containerization & Kubernetes
- Monitoring & Reliability
- Digital Health & Informatics

Why TheTabTech

- Automation-first delivery
- Senior-led teams
- Regulated environment expertise
- Shift-left security
- Outcome-driven engagements
- Clear documentation

Past Performance

- ✓ Reduced cloud costs by 30% in 90 days
- ✓ CI/CD pipelines with automated compliance
- ✓ Secure landing zones for HIPAA workloads
- ✓ STIG/Policy-as-Code for ATO readiness
